

Metro Area Practical Shooting Association

Bay 6

Speed Shoot Lambda

Start Position: Standing inside shooting area.

Gun Ready Condition: Handgun is loaded and holstered; PCC loaded and stock on belt.

Scoring Targets	Comstock, 7 rounds, 35 pts 3 Metric, 1 PP
Scored Hits	Best 2 per paper
Start-Stop Rules	Audible Start - Last Shot Fired USPSA Current Edition
Stage Design	Tom Tolliver MN03 Jun 2017

Stage Procedure: At start signal engage targets as they become visible in the shooting area. Activated targets cannot be engaged prior to activation.

Setup Crew: Set the popper a minimum of 50 feet from the shooting box. Chamshells should use taller sticks than shown to keep rounds from striking gravel. At rest the chamshell targets should have only the upper A zone (not the full head box) available to engage by a shorter individual.
